

Intensive English Program

Fulltime students with academic English goals are welcome at the University of Miami at IMGAs Intensive English Program(IEP).

This Intensive English Program is specifically designed to prepare international students to succeed in U.S. education environments by providing instruction in academic English and study skills development.

This IEP designed for international students on F-1 visas, permanent residents, and U.S. citizens.

The IEP runs on a semester calendar: Fall semesters: August-December Spring semesters: January- May, and Summer semesters: May-July. Partial semester enrollments are granted on a case by case basis.

International students will be tested on arrival and placed into an appropriate level of Intensive English. Classes integrate all language skills into dynamic classroom projects and activities to improve students' listening, speaking, grammar, reading, and writing skills.

Students receive 20 hours per week of core skills development and scheduled ESL Lab. Lab time is flexible. Students can come before or after class. The core classes are available to fit morning and afternoon schedules.

IMGAs Sports + English students who apply for the Intensive English Program will be assigned to morning or afternoon classes and labs based on their sports schedules.

Students who wish to study for a shorter time or do not have

<p>AM - IEP Core Classes M-F 8:40-11:10 am</p>	<p><u>Academic Preparation Intensive English</u> <i>Grammar + Listening/Speaking + Reading/ Vocabulary</i></p>
