Multiple Week Advantage- If a 1 week stay is all that is possible we recommend, you arrive in shape in preparation for a tremendous learning, training, athletic and cultural experience that will provide a foundation for success.

Week 1 - During Week 1, students are adjusting to a new training schedule and acclimating to the weather while processing new information.

Week 2 - By the 2nd week students have adjusted to their surroundings and they are starting to grasp the new tactics and techniques.

Weeks 3+ - By the 3rd week students see their bodies become leaner, faster, stronger and more athletic and the techniques and tactics start to become instinctive. To take advantage of this natural progression, we have designed 3, 5, and 7 week summer programs and we encourage multiple week stays during the months of September-May.

Non-boarding - Check in Sunday | Check out Saturday.
